Vedanta student: Good day (my main man from a different land!!)... more musings from the west.

On Birthdays:

The *jiva* has (2) birthdays... the day it was born and the day it realizes the Self.

The Self has none.... for there are no births and no days.

The *jiva* celebrates but Self IS celebration.

Daniel: Spot-on!

Yup, it's totally amusing watching the *jiva* come and go to/in me. Freedom from birth and death is a total celebration. (cork 'POP')

Much love, friend.
