Inquirer: How weird. I see that all this seeking makes no sense. I'm already awareness and always will be. I just had to give up my objective outlook. I trace thoughts to their root and I, awareness, stand revealed. Plain old ordinary awareness. I went searching country and planets only to find that which is already me. I can't say I feel great, just ordinary. Suffering is just attachment and thinking you're a doer. This whole teacher-student thing doesn't make sense either. In fact nothing makes sense except that I'm awareness.

Daniel: Beautiful.
